WHAT IS IT?

“REAL ID” comes from the REAL ID Act of 2005, a federal law that focused on fraud protection, anti-terrorism, and driver license and nondriver license identification card (ID card) security. The REAL ID Act prohibits federal agencies from accepting driver licenses and ID cards from states that do not meet these standards. Beginning **October 1, 2020**, residents of every U.S. state and territory will be required to present a REAL ID-compliant driver license or ID card, or another form of ID accepted by the Transportation Security Administration, to board federally regulated domestic flights.

* MILITARY POLICY CHANGE

The U.S. Department of Defense (DoD) recently finalized an update to its DoD-wide installation security policy and is in the process of no longer accepting noncompliant marked cards across all of its facilities and installations. This means the military is in the process of no longer accepting driver licenses or nondriver identification cards marked as being noncompliant with REAL ID for the purposes of accessing a military base. This policy change impacts DoD installations in all states, not just Missouri.

Prior to October 1, 2020, military bases will accept licenses and ID cards marked as being REAL ID-compliant or Missouri licenses and ID cards issued prior to March 25, 2019, which have no REAL ID marking, compliant or noncompliant. In Missouri, a license or ID card that is noncompliant with REAL ID will have "Not for REAL ID Purposes" in the upper right-hand corner. Anyone attempting to access a military base with a Missouri-issued license or ID card marked as "Not for REAL ID Purposes" may be denied entry.

To ensure you have the proper identification, you should contact the military base you plan to visit in advance to obtain information regarding identification requirements.
