

FOR IMMEDIATE RELEASE – 06/25/2020

**Laclede County Health Department Announces
Two (24th & 25th) New Laboratory Confirmed Positive COVID-19 Case(s)**

LACLEDE COUNTY, MO – The Laclede County Health Department has received notification of two (2) additional positive laboratory confirmed case(s) of COVID-19 in Laclede County. Our total is now twenty-five (25) cases to date; twelve (12) currently being monitored, and thirteen (13) considered recovered. Our agency will not be releasing personal information, to protect the individuals' identity. Recommended testing of identified close contacts and quarantine/isolation steps have been taken to reduce community spread, as well as daily monitoring of all active cases.

Through case investigation(s), locations of possible exposure during infectious period are as follows:

- Case #24
 - June 23rd (Approximately 6:00 – 6:30 PM) – Walmart Pharmacy / Lebanon
 - Infectious / Symptomatic / Not wearing mask
 - Exposure to previously announced case.
- Case #25
 - No local public exposure. Quarantined upon returning from out-of-state.
 - Infectious / Symptomatic / Not wearing mask
 - Exposure out-of-state.

Employees/customers/attendees who may have been possibly exposed during these dates/timeframes should monitor for COVID-19 symptoms for 14 days from the date of exposure. Symptoms of COVID-19 illness may include: fever, cough, shortness of breath/difficulty breathing, chills, muscle pain, headache, sore throat, new loss of taste or smell. Anyone with concerns about this possible exposure, or anyone with symptoms are advised to contact their healthcare provider for further directions.

Protection for yourself and others include: proper/frequent handwashing, cleaning frequently used surfaces, staying at home when you are sick, avoiding contact with people who are sick, coughing/sneezing into tissues, wearing a mask when in public, not gathering in large groups, and maintaining a six (6) foot distance between yourself and another person.
