

FOR IMMEDIATE RELEASE – 07/02/2020

**Laclede County Health Department Announces
Seven New Laboratory Confirmed Positive COVID-19 Case(s)
Case #35 - #41**

LACLEDE COUNTY, MO – The Laclede County Health Department has received notification of seven (7) additional positive laboratory confirmed case(s) of COVID-19 in Laclede County. Our total is now forty (40) cases to date; twenty (20) currently being monitored, and twenty (20) considered recovered. **A case previously reported (Case #26) has been identified as a resident of another county, and monitoring has been transferred to that county.** Our agency will not be releasing personal information, to protect the individuals' identity. Recommended testing of identified close contacts and quarantine/isolation steps have been taken to reduce community spread, as well as daily monitoring of all active cases.

Through case investigation(s), locations of possible exposure during infectious period are as follows:

- Case #35 – Household contact to previously reported case.
 - No local public exposure. Individual is/was quarantined at home during infectious timeframe.
